THIRTY-FOURTH YEAR.

ashington Chronicle.

The Chronicle was founded in March, 1861, by the late brilliant journalist, Col. Jno. W. Forney (Gen. Hancock's biographer), at the request of Abraham Lincoln. From the Forneys it passed, in 1882, to the present proprietors

The CHRONICLE has a **home** and **family** clientage possessed by no other journal of its class in Washington. Some of its friends boast of having read every issue for a third of a century.

The CHRONICLE has the courage of its convictions—is not party-bound, hide-bound, or church-bound. It is fearless, fair, and asks no odds. It believes in friends to love, but has no use for foes to hate.

The CHRONICLE is a famed antagonist of the spirit of that foreigner fungus growth that advocates “strikes,” “boycotts,” and their progressive anarchy.

The CHRONICLE vehemently defends the Public School System in this Republic, regarding it as the palladium of our free institutions, and it is in the Nation’s fight to smother and stamp out all enmity, sectarian or political, of the Public School System, now and for all time.

ADVERTISEMENTS - PANIC RATES  SUBSCRIPTION, per year - - \$2.00

Offices: Building 512 10th St. N. W.

NOTE—A syndicate owning several contiguous buildings, including 512 10th, the probability is that all will be demolished if times grow better, in which event the Chronicle will have erected for its future home a building on E Street N. W., near The Post Building.

GLENWOOD CEMETERY.

This Beautiful "City of the Dead" is located on Lincoln Avenue, about half a mile from Florida Av., situated on the high ground overlooking the City of Washington, and on the line with North Capitol Street. It contains about ninety acres, and is laid out on the plan of the celebrated Greenwood Cemetery of New York. The remains of many of Washington's most noted citizens are here interred.

Glenwood was incorporated July 27th, 1854, which act of incorporation was amended February 27, 1877, committing the control and direction of the Cemetery to a Board of Five Trustees, to be elected annually by the lot owners. The present Board consists of:

WILLIAM LORD,
H. O. TOWLES,

LEWIS CLEPHANE,
PHILIP F. LARNER,

and **Dr. D. McFARLAN.**

PHILIP F. LARNER, Pres't.

ROCK CREEK CEMETERY.

Contiguous to and immediately north of the Soldier's Home lies the "Glebe," of one hundred acres, with the venerable edifice thereon known as "Rock Creek Church," or, more properly, St. Paul's Church, Rock Creek Parish. The land was the gift in Colonial times, of John Bradford, Esq., to be held in perpetuity for church purposes. A portion of the ground lying just about the church has long been used for interment, this being the oldest church and burial ground within the District, having been so used since 1719.

Appreciating the sacred associations that surround the place and its natural beauty and advantages, the Vestry caused a survey of about one-half the "Glebe" to be made, and set the same aside for cemetery purposes. It is in most part shaded by forest trees of natural growth and great age. The old church with its regular service—the retired and quiet character of the surroundings—secure from the future encroachment of the city, must commend the Cemetery to all.

LIBRARIES.

The libraries in the Departments of the Government are accessible to the employees. In addition there are Private Circulating Libraries. The aggregate number of volumes therein, including the following, is over 1,000,000.

Library of Congress, Capitol building, commenced in 1800, destroyed by fire in 1814, afterwards replenished by the purchase by Congress of the library of Ex-President Jefferson, embracing about 7,000 volumes; in 1851 35,000 volumes were destroyed by fire; rebuilt in 1852, when \$75,000 were appropriated to replenish the collection. The library is recruited by regular appropriations made by Congress, which average about \$11,000 per annum; also by additions received by copyright, by exchanges, and from the Smithsonian Institution. The library of the Smithsonian Institution has been deposited in the Library of Congress, where it is secure against loss by fire; this collection is especially rich in scientific works, embracing the largest assemblage of the transactions of learned societies which exists in the country. The library of copyright books was removed here from the Patent Office in 1870, and is continually growing, and all copyrights issued in the United States as well as foreign works protected under international copyright are now recorded in the office of the librarian of Congress.

The present number of volumes in the whole library, including law books, which are kept in a separate library under the Supreme Court, is over 670,000. The Toner library, numbering over 25,000 volumes, was added in 1882, having been presented to the United States by the liberal and public-spirited donor, Dr Joseph M Toner, of Washington. This collection is temporarily stored in a room under the rotunda of the Capitol, and additions are annually made to it by Dr Toner.

The Library of Congress is very rich in history, political science, jurisprudence, and in books, pamphlets, and periodicals of American publication, or relating in any way to America. At the same time the library is universal in its range, no department of literature or science being unrepresented. The public are privileged to use the books in the library, while members of Congress and about thirty official members of the Government only can take away books. The library is open daily (except Sundays) during the session of Congress from 9 a m to the hour of adjournment. In the recess of Congress it is open between 9 a m and 4 p m.

Grand Army of the Republic.

An organization of true and tried honorably discharged soldiers, to aid with its charity the maimed and helpless soldier and the dependent families of the fallen; to secure employment for those returned soldiers who have vainly sought for it themselves, and whose very tattered uniforms seem an evidence of demerit in the eyes of many who never dared to clothe themselves with it and its dangerous responsibilities. Whatever secrecy there is about this organization is only such as surrounds the most benign and powerful civil orders of the day as a necessity for their protection and strength, and to better secure their charitable objects.
